BA, Computer Science,
ALX **Back-End**
2023-2024
Certified

WORK EXPERIENCE

Django Developer for Movie Review API *May 2023 - Present*

- Developed and maintained a Django-based API for a movie review platform, enabling users to submit and rate movie reviews.
- Designed and implemented RESTful endpoints, allowing users to interact with the platform by creating, updating, and retrieving movie reviews.
- Integrated user authentication and role-based access control to ensure secure access to reviews and ratings.
- Collaborated with frontend developers to ensure seamless integration of the API with the user interface.
- Optimized database queries and API performance to handle a large volume of reviews efficiently.

Personal Teacher– Jemo, Addis Ababa

- Developed customized lesson plans tailored to individual student needs and learning styles, resulting in improved academic performance and confidence.
- Utilized effective teaching methodologies and instructional materials to facilitate understanding of complex concepts.
- Monitored student progress through regular assessments and feedback sessions, adjusting teaching strategies as necessary to address areas of weakness.

VOLUNTEER ACTIVITIES

Tutoring   **September 2020 - Present**

Enabling 10+ Developed personalized learning plans and instructional materials tailored to each student's academic needs and learning preferences.

- Fostered a supportive and inclusive learning environment, encouraging students to actively participate and take ownership of their learning.
- Advocated for educational equity and access by volunteering time and expertise to support students from underserved communities
